

PlusBus Day Tickets & eTickets

PlusBus Day tickets are valid on standard daytime Lothian services and look like rail tickets. The following information should be shown on a ticket in order for it to be accepted:

- The title of the ticket should be “**PlusBus Day**”
- The travel validity section should state “**Edinburgh + Bus**”
- For day tickets, the “**valid on**” date should match the date of travel
- For season tickets, the “**valid until**” date should not have passed

Passengers should retain their ticket for further travel, and the appropriate PlusBus count button in the TICKET COUNTS menu on the ETM should be pressed. These will look like standard rail tickets or appear as eTickets on the customer’s mobile device (examples below).

These tickets are valid on standard daytime Lothian services only - they are **NOT VALID** on: **Airlink** (full route), **NightBus**, **Lothiancountry** (all zones) and **EastCoastbuses** (all zones).
